

LET EVERYONE KNOW "JIM MEFFERT IS A TERRIFIC CANDIDATE FOR THE THIRD"

"Jim Meffert is a terrific candidate for the third district," writes David Schultz, Professor in the School of Business at Hamline University and Senior Fellow at the Institute of Law and Politics at the University of Minnesota. He goes on to say,

"He is a St. Olaf grad, serving there as the president of the college Republicans. He became a Democrat because . . . he saw the GOP moving in a direction he did not like. Jim has worked with the PTA and on education issues, he comes from peace and justice wing of the religious community, and he talks of government and business working together to solve problems. All of these are perfect themes for this district."

In contrast, Professor Schultz observes that Erik Paulsen, the current 3CD Representative, is way to the right of where most 3CD voters are.

"Paulsen has spoken moderate but voted right. He has a voting record nearly identical to Michelle Bachmann's voting with her over 90% of the time." Check out the website to the right and [see how Paulsen voted for yourself](#). Read David Schultz's blog:

Michael Cuddehe gives a more general reason that people should vote for Democrats in his new book *Chronicle of Catastrophe*: Republican economic policies have been a disaster.
